PUBLIC SERVICE ANNOUNCEMENT

Wednesday, April 11, 2007

10:55 AM

*Contact: Mikki Dobski, Director of Communications & Special Projects, 235-5855
Sam Hensley, Director of Streets, 235-9244*

Today's Important Driving Safety Tips

The Mayor's Office is asking all drivers to use extra care and caution today. Due to the unusual weather conditions as a result of this morning's snow and the rain forecasted this afternoon, please be prepared for excessive flooding on streets, particularly around inlets and storm sewers in low-lying areas. Drivers are urged to slow down to avoid hydroplaning. With snow sticking to stop signs, information signs, and traffic signals, drivers are also urged to keep alert and to use caution, especially when approaching intersections. South Bend Public Works' crews are working around the city to keep streets clear and to combat flooding.
